CAS DATALOGGERS

T&D INTRODUCES NEW SMART BLUETOOTH THERMO SERIES

New TR-4 Series from Japan's #1 Data Logger Manufacturer

Do you need a hassle-free way to collect data? T&D partnered with CAS DataLoggers, announces the release of the New TR4 Series of Bluetooth Data Loggers, featuring automatic collection of temperature data from the loggers directly to your iOS/Android device!

With T&D's new dedicated apps for your mobile device via Bluetooth 4.0 (Bluetooth low-energy), all loggers within communication range are automatically detected and ready for communication.

The New ThermoREC App lets you monitor temperature data in real time, and the New ThermoStorage App enables one-step uploading of recorded data to the T&D WebStorage Service.

With Bluetooth technology, logger communication and data management have never been easier! Learn more about these products today—call CAS DataLoggers at (800) 956-4437!

TR4 Series Wireless Data Loggers with Bluetooth Low Energy

The new TR4 series data loggers come equipped with Bluetooth low energy communications. With a smartphone or tablet and T&D's dedicated apps, your temperature data is always available to check in real time and to share on the cloud! This makes it easy to get alarms and to give proof of best practices to regulators.

Features:

- Real-Time Temperature Monitoring from Smart Device

- Simultaneous Data Collection from Multiple Loggers

- Direct Communication with Mobile Device via Bluetooth low-energy

- Auto-Detection of Loggers--no Pre-registration Required.

- Auto Collection of Data and Graph Creation (ThermoREC App)

- Automatic Data Upload (ThermoStorage App)

- Share data via T&D's Cloud WebStorage Service

- Waterproof (TR41 and TR42)

- Compatible with Thermocouple and Pt100/1000 Sensors (TR45)

- Estimated Maximum Battery Life 1.5 Years (1 Year for TR45)

- Large Logging Capacity: Up to 16,000 Readings

TR4 Series Models:

- **TR-41 Internal Thermistor model for Better Water Protection**

- **TR-42 External Thermistor model for Quicker Response**

- **TR-45 PT/TC Sensor Compatible Unit for Wide Range Measurement**

Store Data on the Cloud at No Cost!

Now you can view data and receive alarms no matter where you are, using your mobile device or a PC! T&D's free WebStorage Service is perfect for processing and managing data recorded in remote areas and for allowing several people to view the same data whenever they want.

Call the Experts!

At CAS DataLoggers we have the most comprehensive selection of data logging equipment available anywhere! As a leading data logger distributor, we offer T&D temperature loggers for businesses and organizations in every industry.
