

UPCOMING TRADE SHOWS FOR 2023

PITTCON 2023: MARCH 20-22, 2023 - PHILADELPHIA, PA

[Pittcon](#) is a conference and exposition on laboratory science, a venue for presenting the latest advances in analytical research and scientific instrumentation. This year, Pittcon 2023 will be held from March 20 - 22, 2023 at the Pennsylvania Convention Center in Philadelphia, PA. We will be exhibiting along with TandD, Japan's #1 manufacturer of temperature data loggers. Stop by Booth #3003 for a look at T&D's latest wireless technology, all designed to save your lab application time and cost.

IAFP 2023: JULY 16-19, 2023 - TORONTO, ONTARIO, CANADA

The [International Association for Food Protection \(IAFP\)](#) is the leading food safety conference, with information on current and emerging food safety issues and the latest science, innovative solutions to new and recurring problems. This year, IAFP 2023 will be held from July 16 - 19, 2023 at the Metro Toronto Convention Centre in Toronto, Ontario, Canada. We will be exhibiting along with TandD, Japan's #1 manufacturer of temperature data loggers. Come visit our booth (number to be announced) to see the latest in food safety temperature monitoring solutions. T&D data loggers save labor and eliminate errors by automating temperature data collection and recording.

WEFTEC 2023: OCTOBER 2-4, CHICAGO, IL

WEFTEC is a conference that brings together water professionals around the world and showcases the best in water quality education, leading experts, the latest technology and trends, and proven solutions. This year, WEFTEC 2023 will be held from October 2 - 4, 2023 at McCormick Place in Chicago, IL. We will be exhibiting the OdaLog gas loggers, manufactured by ThermoFisher. Stop by Booth #2662 to see the OdaLog G20 series—the first gas data loggers with smart digital sensors and extended field life deployment.
