

VISIT CAS DATALOGGERS AT IAFP 2024

THE ANNUAL MEETING, JUL 14 - JUL 17 IN LONG BEACH, CA

The International Association for Food Protection (IAFP) is about to get underway—the 2024 Annual Meeting is returning to Long Beach, California from July 14th to July 17th. [IAFP](#) is the leading food safety conference, attended by over 3,500 food safety professionals from around the world, and this year will be held at the Long Beach Convention & Entertainment Center. CAS DataLoggers President Pete Martin is proud to attend along with Japan’s #1 data logger manufacturer—[TandD!](#)

Come visit us at **Booth #739** to see the latest in food safety temperature monitoring solutions.

COMMON T&D FOOD TEMPERATURE MONITORING APPLICATIONS

- Tracking warehouse climate conditions of produce
- Tracking food temperature in transport and checking logged data upon arrival
- Measuring and recording core temperature to ensure food quality and safety
- Automated temperature monitoring or refrigerated and frozen food
- and more!

Exhibit Dates: July 14, 2024 - July 17, 2024

Exhibit Hours: Sunday, July 14, 7:30pm – 9:30pm

Monday, July 15, 10am – 6:15pm

Tuesday, July 16, 10am – 6:15pm

MONITOR AND RECORD AT EVERY STAGE

At our booth, we will be featuring how you can save labor and eliminate errors by automating your temperature data collection and recording. TandD offers a free cloud WebStorage Service which allows you to manage your entire enterprise from anywhere at anytime.
