ERNEST N. MORIAL CENTER, SEPTEMBER 30 - OCTOBER 4, NEW ORLEANS, LA

CAS DataLoggers is proud to announce that we will be exhibiting at [WEFTEC 2024 Conference](#)! Hosted at the Ernest N. Morial Convention Center in New Orleans, LA on October 7th - October 9th, WEFTEC 2024 will bring together water professionals from around the world in-person and virtually! This year, CAS DataLoggers Managing Partner Jay Patel is attending along with CAS DataLoggers Engineering Manager Terry Nagy to feature the [OdaLog](#) gas loggers, manufactured by ThermoFisher.

Come visit us at the OdaLog-CAS Booth #6947 for a look at the latest H₂S gas and odor monitoring technology, all designed to survive in harsh environments. The OdaLog's purpose is to monitor gas levels to help control H₂S gas in sewerage systems and treatment plants for later review and evaluation using OdaStat-G software. We will be featuring the [OdaLog G20 series](#), the first gas loggers with smart digital sensors and offering extended field life.
